

WE ARE LOOKING FOR A JUNIOR JAVA DEVELOPER

PlusPlus NT d.o.o. is a software company that provides complex software solutions in a modern and dynamic business environment. Our team consists of young experts who face challenges in an open, relaxed, fair and constructive working atmosphere. Our priority is mutual respect and cooperation – therefore we actively encourage our employees' improvement, through sharing of knowledge and ideas among team members and constant facing new technological challenges. Together we build software that will respond to the needs of our clients and provide new value in every development iteration.

Your profile:

- 1+ years of programming experience
- Graduated from faculty with IT preference
- Knows Java API and design patterns
- Has a will to learn and work hard
- Prefers to work in a team and has great communications skills

Required skills:

- Java
 - Design patterns
 - Linux
 - SQL
 - JUnit
-

We offer:

- Competitive salary
- Great working environment and flexible working hours
- Benefits such as gym or swimming membership, food and drinks, Sony PlayStation
- Business trips and team buildings
