

# WE ARE LOOKING FOR A SYSTEM ADMINISTRATOR

*PlusPlus NT d.o.o.* is a software company that provides complex software solutions in a modern and dynamic business environment. Our team consists of young experts who face challenges in an open, relaxed, fair and constructive working atmosphere. Our priority is mutual respect and cooperation – therefore we actively encourage our employees' improvement, through sharing of knowledge and ideas among team members and constant facing new technological challenges. Together we build software that will respond to the needs of our clients and provide new value in every development iteration.

---
